PROFILE

I am a **Junior-level product developer** in search of a career opportunity within an organization that helps to refine my development expertise. **Freshly graduated from Kristu Jayanti College with a Bachelor's degree in Computer Applications (BCA)**, my journey commenced as a **product developer**, and I am now eagerly anticipating the next chapter in my professional odyssey. I am driven by an insatiable curiosity for cutting-edge innovations and a relentless pursuit of knowledge. My passion lies in embracing new horizons and transcending boundaries to construct innovative solutions in the realm of technology.
